Summary

Frontend-focused Computer Science student with hands-on experience building responsive web interfaces and full-stack features using HTML, CSS, JavaScript, and Java. Proven ability to collaborate on team projects and deliver user-friendly, production-ready UI. Seeking a Web Developer internship to contribute and grow.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+), Java (Core & Advanced), C, C++

Web Technologies: Responsive Design, DOM Manipulation, CSS Animations, Servlets, JDBC

Databases: MySQL, NoSQL (basics)

Tools & Concepts: Git, GitHub, VS Code, Eclipse IDE, OOP, DSA (basics), DBMS, Operating Systems, Agile (basics)

Experience

Web Development Intern

Dec 2025 – Feb 2026

Infosys Springboard Virtual Internship 6.0

- Built the frontend of **Campus Track**, a campus-level Lost & Found web application, using HTML and CSS; designed an intuitive, user-friendly interface adopted by a 3-member cross-functional team.
- Authored technical documentation covering system architecture and user workflows, improving onboarding and maintainability.

Java Developer Intern

Feb 2025 – Mar 2025

OctaNet Services Pvt. Ltd.

- Developed a console-based ATM simulation in Java supporting balance enquiry, cash withdrawal, deposits, PIN authentication, and transaction history.
- Reduced execution time by **~25%** through optimized I/O operations and efficient code structure.
- Applied OOP principles (encapsulation, modularity) to produce scalable, maintainable code with robust user-input validation.

Projects

Skywings Airline Booking UI

HTML, CSS, JavaScript

- Designed and built a fully responsive airline booking landing page featuring modern UI patterns including hover effects, CSS animations, and mobile-first layout.
- Demonstrated ability to translate design concepts into clean, cross-browser compatible frontend code.

ATM Machine Simulation

Java Core

- Engineered a feature-complete ATM console application; optimized I/O operations to cut execution time by **~25%** while maintaining full functionality.

Education

B.Tech in Computer Science

2023 – 2027

Medi-caps University, Indore

CGPA: 8.41 / 10

Class XII (CBSE)

2021 – 2022

Delhi Public School, Gwalior

93%
